

## Turntables

Model	Key Features	MSRP €	
Xerxes 20 Plus <i>Black, White or Rosewood</i>	Three level decoupling allows for accurate and smooth rotation with absolute minimal vibration, can be used with Roksan and other tonearms.	4,400.00	each
Radius 7 Turntable <i>Clear or Pink</i>	Super-accurate crystal speed control system, electronic speed switch 33 and 45 RPM, high quality aluminium alloy pulley system, red and blue LED illumination to signify speed.	2.035,00	each
Radius 7 Turntable (Including NIMA) <i>Clear or Pink</i>	Super-accurate crystal speed control system, electronic speed switch 33 and 45 RPM, high quality aluminium alloy pulley system, red and blue LED illumination to signify speed, supplied with the Roksan NIMA Tonearm.	2.750,00	each

## Tonearms & Cartridges

Model	Key Features	MSRP €	
NIMA Tonearm <i>Clear or Pink</i>	Stainless steel unipivot, aluminium alloy tube, with Roksan flexible cable.	825,00	each
Shiraz Cartridge	Astonishing level of detail, ease of tracking highly modulated grooves, uncompressed dynamic range, flat frequency response beyond 30kHz allowing harmonics to be naturally reproduced.	4.125,00	each
Corus2 Cartridge	The revered Corus cartridge is now in its second generation, introducing ground-breaking design changes and improvements throughout. Elevating performance to a new level.	580,00	each
Corus2 Stylus	Replacement Stylus for Corus2 Cartridge.	350,00	each

## Vinyl Electronics

Model	Key Features	MSRP €	
XPS8 Speed Control	Entry-level speed control, 33 and 45 RPM speeds.	655,00	each

### Caspian Vinyl Electronics *Available Colours: Silver or Black*

Caspian RPM Vinyl Speed Control	Advanced digital speed control PCB, pitch-perfect accurate speed stability, flagship DS1.5 power supply module, 33 or 45 RPM speed selection, adjustable speed control in micro-increments up to 6.25% either way.	2.200,00	each
Caspian RPP Vinyl Phonostage	Compatible with both moving magnet and moving Coil cartridge designs, three switchable gain level settings, top-level audiophile grade components used throughout, features dedicated DS1.5 power supply.	2.750,00	each
Caspian VSC Vinyl Control System	Control and convenience for the Xerxes turntable, combines Caspian RPM and RPP sharing a single DS1.5 power supply.	4.400,00	each
Caspian VSC S2 Vinyl Control System	Ultimate control and convenience for the Xerxes turntable, combines Caspian RPM and RPP, with two separate DS1.5 power supplies.	4.675,00	each

## Accessories

Model	Key Features	MSRP €	
HDC Turntable Cables	1.5 m length	300,00	each
5 to 4 pin XPS Adaptor	Converts XPS for use with the original Xerxes turntable	100,00	each
Xerxes Drive Belt Kit	Replacement belt for Xerxes turntables	110,00	each
Radius 7 Drive Belt Kit	Replacement belt for Radius 7 turntable	110,00	each
Xerxes Upgrade Blobs	Upgrades decoupling on the original Xerxes turntable	300,00	each
TMS Blobs	Upgrades decoupling on the TMS turntable	300,00	each
R-MAT Record Support 7 mm hole	Correctly supports vinyl records, 7 mm fitting for non Xerxes turntables	75,00	each
R-MAT Record Support 4 mm hole	Correctly supports vinyl records, 4 mm fitting for Roksan Xerxes	75,00	each
Shim Kit 2 mm	Raises main bearing housing on the original Xerxes turntable	30,00	each
Shim Kit 1 mm	Raises main bearing housing on the original Xerxes turntable	30,00	each
Micro Fibre Record Cleaner	Two stage vinyl cleaning brush for vinyl records	75,00	each
Spirit Level	Used for making sure turntables are level for best performance	12,00	each
Electronic Stylus Balance	Checks the optimum weight of the stylus	75,00	each
Tonearm Protractor	For optimum cartridge alignment when used in Roksan tonearms	12,00	each
Turntable Main Bearing Oil Kit	High performance lubricant kit for all Roksan turntables	20,00	each
Allen Key Kit	Replacement allen keys for installing components	20,00	each
Cartridge Nut and Bolt Kit	Replacement nuts and bolts for turntable cartridges	20,00	each

## Audio Electronics

### blak series *Available Colours: Anthracite, Charcoal or Opium*

Model	Key Features	MSRP €	
blak Integrated Amplifier	Moving magnet phono, XLR and 3 x RCA inputs, aptX Bluetooth, USB type-B port , 1/4 " Headphone jack, internal DAC circuit, dimmable display.	3.850,00	each
blak CD Player	XLR, Optical and RCA digital outputs, XLR and RCA analogue outputs, audiophile standard DAC chipset for optimum detail retrieval, totally isolated disc mechanism to eliminate vibration, dimmable track information display.	3.465,00	each

### Caspian M2 series *Available Colours: Silver or Black*

Model	Key Features	MSRP €	
Caspian M2 Integrated Amplifier	On-board output protection circuit, five RCA inputs plus tape input and output, first input switchable to balanced XLR, independent pre-amplifier stage power supply, thermally controlled heat-sink cooling, motorised volume control with LED indicator, -20dB mute function, 2 pre-amplifier outputs, oversized high quality toroidal transformer.	2.750,00	each
Caspian M2 Power Amplifier	Ideal use with the Caspian M2 Integrated Amplifier, excellent match for a wide range of other high-end pre-amplification.	2.200,00	each
Caspian M2 CD Player	Independent Analogue output stage power supply, programme facility, track information display, shuffle and repeat play, 10 second intro play.	2.750,00	each

### K3 series *Available Colours: Anthracite, Charcoal or Opium*

Model	Key Features	MSRP €	
K3 Integrated Amplifier	Moving magnet phono input, five additional Line inputs for other sources, directly mains-powered power amp section, switchable bypass input, aptX Bluetooth, 1/4" headphone jack, remote control included, symmetrical amplifier layout.	1.760,00	each
K3 Power Amplifier	Symmetrical amplifier layout, optimised power supply layout, distribution and decoupling, directly powered power amp section.	1.375,00	each
K3 CD Player	High quality CD playback with digital to analogue conversion, digital XLR, RCA & Optical outputs, analogue gold plated RCA output, track information display, shuffle play, switchable Optical and RCA digital inputs.	1.760,00	each

### Atessa series *Available colours: Silver or Black, Turntable: Satin White or Satin Black*

Model	Key Features	MSRP €	
Atessa Streaming Amplifier	BluOS Premium Multi-Room-Audio Technology. Modern aesthetic. Wide range of inputs. Maestro-Unite. Built-in Phono Stage.	1.875,00	each
Atessa Integrated Amplifier	Powerful amplifier. Wide range of inputs. A new approachable aesthetic. Maestro-Unite. Built-in phono stage.	1.250,00	each
Atessa CD Transport	Hi-Res CD playback. Custom firmware. High quality transformer. Maximum data retrieval. Optimised output.	625,00	each
Atessa Turntable	Accurate playback. Built-in switchable phono stage. Premium build quality. Bepoke isolation design. All-new Unipivot tonearm. Inclusive Dana cartridge.	1.250,00	each
