

## TOT SERIES

### Technology

#### TOT MINI and TOT Max

- Toroidal Isolation
- Noise Filtering

### Description

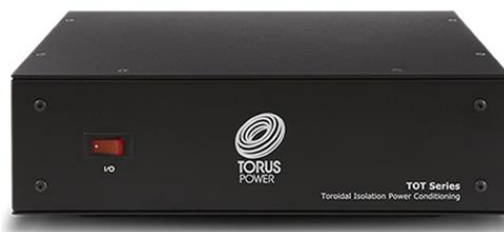

Torus Power's "TOT" Series consists of compact models that bring toroidal power conditioning to a new price point, affordable for most applications and packed with features, the TOT Series is an easy choice to improve performance of all audio and video systems.

Use with Torus Power Connect to enable remote power management via a web browser on a computer, smart phone or tablet.

The TOT MINI, rated at 3 amps, is ideal to provide clean power to Audio/Video systems, projectors, flat panels, powered speakers, media/ source players, processors, or network devices.

The TOT MAX, rated at 8 Amps, can provide current to demanding power hungry systems including substantial power amplifiers.

All TOT models feature a courtesy USB charger outlet. Options include a dress aluminum faceplate (Black or Silver) and a 19" rack mount adapter kit. TOT units include circuit protection through a replaceable varistor. Torus Power non-sacrificial Series Mode Surge Suppression (SMSS) is also available as a factory-installed option.
